

## - Welcome to Update Notices -

---

This is your “welcome” issue of Update Notices... your source for the latest DigiTel, DigiScribe, and FtpMagic product information.

Update Notices are available to all product customer's to keep you informed of the latest product updates and helpful hints.

You may receive these notices through your place of purchase, or directly from our webmaster if you signed-up to receive Update Notices at “www.DigiTelSoftware.com”. Update notices are also posted on that site's Update Notices page for future reference.

---

### Update Notices will inform you about:

1. Software and documentation updates.
2. Hints, recommendations, and suggestions that may help inform you about product capabilities and usage tips.

If an Update Notice contains information that you feel your system's users can benefit from, please feel free to forward it to them.

We welcome your comments and suggestions.  
Please send them to “Info@DigiTelSoftware.com”.

---

To be removed from the Customer Update Notices mailing list, reply with subject “Remove”.
