- New DigiScribe Version Available - *“Video Transcription Added”*

A software and documentation update, version 22.01.04 is available for DigiScribe. It is available at “www.DigiTelSoftware.com” as a Full Installation (if it’s not already installed) and as an Upgrade Installation (if it’s already installed). A new Manual is also available.

The updates in this version include:

1. A few days ago, we released a new DigiScribe version, 22.01.03 which added audio track transcription of video files.

That’s been fixed in this version.

If you’ve recently upgraded to, or installed DigiScribe version 22.01.03, just go to www.DigiTelSoftware.com and select the DigiScribe 22.01.04 upgrade.

Additional details are available in the “Read Me” link at “www.DigiTelSoftware.com/Software.htm”.

Previous Update Notices are available at “www.DigiTelSoftware.com/Customer Notices.htm”.
