

## - **New** DigiScribe Version - “Faster Refresh”

### **A new DigiScribe Software Version is now available!**

DigiScribe version 22.02.00 is now available at [www.DigiTelSoftware.com](http://www.DigiTelSoftware.com) as an Upgrade and as a Full Installation package. Upgrading to this new version is recommended. It provides new features and performance improvements. A new User Manual and Quick Start Guide are also available there.

The major performance improvement you will enjoy is the faster refreshing of the Available Work and Completed Work lists.

Other performance improvements include refinements to the Prompt Volume adjustment; to the New Dictation Announcement feature; and to the feature to keep all DigiScribe menus shown on top of other applications.

Other helpful improvements include a simplification of the way to send dictation files of all types into DigiScribe; and refinements to all its menus.

And three new features have been added. The first new feature lets you define alphanumeric Cross References to be displayed in place of Department and Work-type Numbers. The second new feature lets you replace the Reference Number that is displayed with an alphanumeric entry, such as a brief note. And the third new feature lets you Browse to audio and video files on your hard drive, across your network, on a Handheld Recorder or Memory Card, or on a CD or DVD.

To upgrade your DigiScribe, go to [www.DigiTelSoftware.com](http://www.DigiTelSoftware.com), click on the SOFTWARE link, locate the Software Upgrades section, and then click on this new version of DigiScribe. Then follow the on-screen instructions.

If you would like assistance with the upgrade, please contact your DigiTel/ DigiScribe reseller. You may also email [Info@DigiTelSoftware.com](mailto:Info@DigiTelSoftware.com) if you have any questions. Thank you, and have a great day!
